THROUGH: Chief, Administrative Staff, Intelligence Community Staff

SUBJECT: Travel Request

1. Authorization is requested for [REDACTED] IAS/PAD/CMX, to
participate in a meeting concerning Imagery Resolution and Reporting Standards
(IRARS) projects [REDACTED] on 17 April 1985. (S) 25X12. The IRARS task force is a Community group comprised of representatives
from each of the Community organizations concerned with the collection and
processing of imagery, and is chaired by a representative of the SAFSS. IRARS
has the general charter of promoting the development, calibration, and quality
control of certain imagery-related collection and processing equipment. (S)3. This particular meeting will concern the development and
implementation of algorithms used to measure and/or predict image quality for
certain future collection systems. Work on these particular projects is
currently being carried out by photoscientists [REDACTED] It is
important to ensure that Community interests are correctly represented at
these design meetings. (S) 25X14. [REDACTED] is the COMIREX Staff representative to IRARS. He will be the
only member of the COMIREX Staff attending this meeting. (C) 25X1
